INSIGHT

**ANY TAG,
ANYWAY!**

TICKBOX staff have been servicing the golf market for over 25 years with Bag Tags and other bespoke built accessories. Our unique expertise, creative design team, industry leading factory network and world class delivery partners, combine to provide fabulous products, delivered on time and within budget.

We are proud to continue developing new product concepts for our beloved golf clubs, resorts, events, major tournaments and

cherished associations. Our bag tag offering has been refined over the last decade and incorporates the widest selection of styles, materials, finishes and logo applications.

This season sees the latest in environmentally sustainable solutions, Bamboo and Eucalyptus as used by England Golf, GCMA and the R&A. These new and innovative materials are better for the planet,

perform great and look incredible.

Bamboo is 100% Natural, has a positive impact on global Co2 and has made an immediate impact on the market. Our Bamboo tags can be produced in any size or shape and also features environmentally sustainable inks and a strap produced from plastic waste heading for landfill or our oceans.

Eucalyptus tags are extremely cost effective and also great for the environment. They are also 100% biodegradable and compostable. These tags have had equal success as membership, driving range and discount cards; it is indistinguishable from plastic in looks, feel and durability.

We offer a free design service and quotation with no obligation to make a purchase. Our products are produced in REACH compliant factories and are backed with a no quibble product guarantee.
